Master the language of success

Anthem Academy is a leading player in English Communications training. We have helped innumerable students follow their dreams of international education, as they have been able to achieve high bands in IELTS exams through our outstanding preparatory programmes.

Rich experience

We have deep experience in helping students prepare for IELTS, and have created specialised programmes and well-designed modules. Our team has British Council certified trainers and all our trainers go through internal and external Train-the-Trainer programmes regularly to ensure we are always at our best.

Anthem Learning Lab

Most Anthem Academy centres are equipped with the Anthem Learning Lab which offers computer based support for training and provides digital and audio-visual resources. This not only helps make learning more effective, but also makes it immensely more pleasurable.

Anthem Learning Labs have the latest hardware and software to enable students to learn and to invest in self improvement through instructor led and self learn sessions. This is a key area of strength that gives tremendous advantage to Anthem students.

Smart instructional methodology

Our trainers meticulously break down the IELTS test and ensure suitable preparedness for each of the assessment areas of listening, speaking, reading and writing. Through a balanced approach of instructions, role play and practice, we impart confidence and the skills essential to be successful. Sample recordings, cinematic appreciation and pronunciation improvement are all areas of emphasis as well. At Anthem, our endeavour is to teach English more as a skill than as a language.

Personality development, soft skills and spoken English

A well developed personality, smart social skills and fluency are key enablers of success, especially internationally. Anthem Academy offers various levels of spoken English courses, and also offers specialised programmes that can help students blend into the modern, global environment.

Come to Anthem Academy to experience the difference, and master the language of success!

"Anthem Academy has shown me the right path to achieve good bands in IELTS. The faculty's guidance and inputs helped me with a preparation strategy and worked on my grey areas. I am also thankful to them for being there for my last minute doubts.
